

EPHRP DASHBOARD

Semi-Annual, 2018

The Emergency Primary Healthcare Restoration project is a project operating under the Primary Healthcare department at the Ministry of Public Health. The PHC department oversees a network of 220 PHCCs which deliver healthcare services to both host and refugee populations.

BENEFICIARIES OF THE NATIONAL PRIMARY HEALTHCARE NETWORK

During the first half of 2018

The EPHRP is funded through a grant from the multi-donor trust fund managed by the Work Bank. The project was declared effective in July, 2015. Implementation was initiated in June 2016. The project aims to deliver a package of essential healthcare services to 150,000 vulnerable Lebanese in 75 PHCCs. As of Q2 2018, the project contracted all 75 targeted PHCCs.

PROJECT DISBURSEMENT

BENEFICIARY UTILIZATION

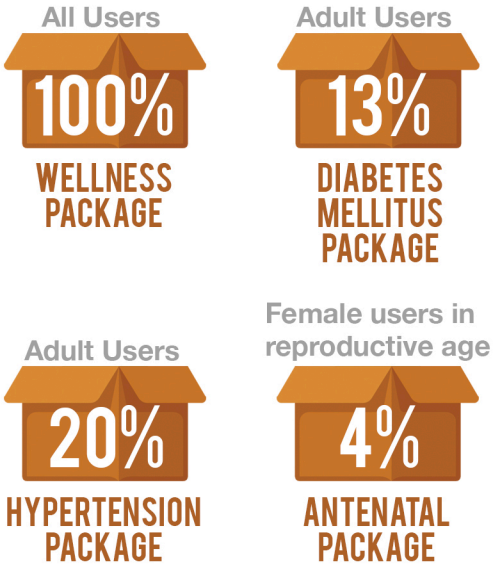

ESSENTIAL HEALTHCARE PACKAGES

* Demographics, utilization and health indicators are computed among actual users

Package Enrollment

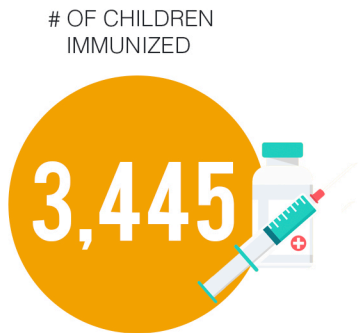

Visits

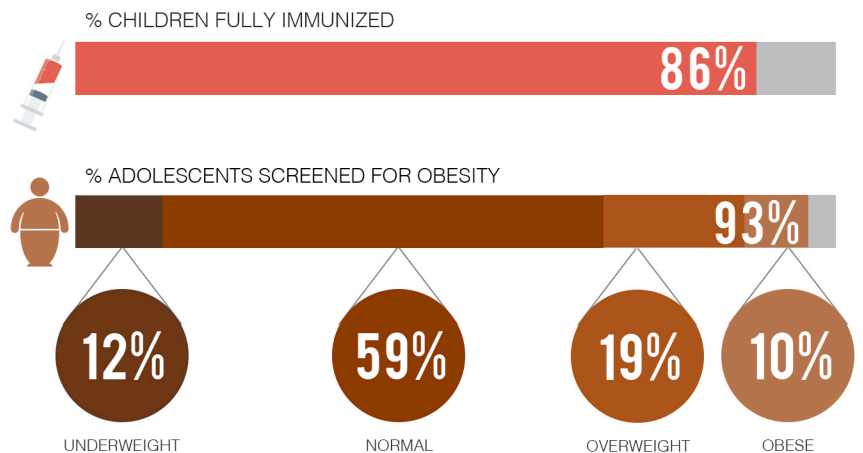

- * **1st Visit:** a bundle of services constituting initial screening which differ by package
- * **2nd Visit:** a follow-up visit

CHILD HEALTH

2,500
by June, 2018

(children under 18 to 24 months of age, who have received all the essential vaccines as per the national calendar.)

ACCREDITATION

The Accreditation program founded in 2008 in collaboration with Accreditation Canada, aims at improving adherence to quality standards at the National PHC network. The EPHRP supports the scale-up of the Accreditation program to the entire network (220 PHCCs).

92 PHCCS

currently enrolled in the Accreditation Process
