

LIST OF TABLES

Table	I-1	Demographic Indicators	2
Table	I-2	Financial Indicators	3
Table	I-3	Budgetary Resources Indicators (1997)	4
Table	I-4	Health suppliers to population and utilization rates	5
II			
Table	II-1	Classification of Private Hospitals (1998)	12
Table	II-2	Availability of "high-tech" services and heavy equipment (2002)	12
Table	II-3	Distribution of hospitals and MOH contracted beds by mohafazat	13
Table	II-4	Available and MOH contracted hospital beds per thousand population by mohafazat	14
Table	II-5	Distribution of private hospitals according to bed capacity by mohafazat	14
Table	II-6	Immunization coverage (1999)	18
Table	II-7	Achieved coverage through National Immunization Days (1995 to 1999)	18
Table	II-8	Distribution of centers benefiting from the Reproductive Health Program by mohafazat	19
Table	II-9	Distribution of health centers and beneficiaries of chronic illnesses drugs program by mohafazat and involved parties	20
Table	II-10	Distribution of physicians by mohafazat and specialty (1999)	22
Table	II-11	Registered physicians in the Beirut Order of Physicians by country of graduation(2001)	22
Table	II-12	Distribution of dentists by mohafazat in 1985, 1994 and 2000	23
Table	II-13	Distribution of dentists by country of graduation (1994)	24
Table	II-14	Evolution of the number of pharmacists and pharmacies (1995-1999)	24
Table	II-15	Pharmacists and pharmacies per 10000 inhabitants and distribution by mohafazat (October 2002)	25
Table	II-16	Lebanese University: Public Health Faculty Graduates (1997-2001)	26
III			
Table	III-1	Tutelage, entitlement, coverage and sources of financing of funding agencies	30
Table	III-2	Distribution of Residents by covering fund according to their eligibility	34
Table	III-3	Ministry of Pubic Health recurrent expenses ⁽¹⁾ . Accrual Accounting (1994-2001)	36
Table	III-4	Public expenditures on health services provided by the private sector (1998) (1USD-1516 L.P.)	37
Table	III-5	Government subsidies for Mutual Funds (in 1000 L.P.) (1998)	38
Table	III-6	Hospitalization rates and average costs by financing agency (1998)	39

Table	III-7	Accrual public expenditures breakdown (1998) (1 USD-1516 L.P.)	39
Table	III-8	1998 Private Insurance Gross Premiums	43
Table	III-9	1998 Private Insurance Expenditures (USD)	43
Table	III-10	Annual Household Expenditures (%) by spending item (last three months) and by mohafazat (1998-1999)	44
Table	III-11	Distribution of annual household spending on health by mohafazat and by health spending category (%)	45
Table	III-12	National Health Accounts Main Findings (financial year 1998)	46
Table	III-13	Distribution of financing sources and health expenditures by funding agency and households (1000 L.P.)	50
Table	III-14	International comparison of health expenditures per capita and as a percentage of GDP	52
Section V			
Table	V-1	Comparison of key health indicators: Lebanon and other MENA countries	69
Table	V-2	Health Expenditures and Basic Health Status Indicators	69
Table	V-3	Hospitalization rates by age group, sex and insurance status	70
Table	V-4	Proportion of hospitalized cases benefiting from MOH assistance by mohafazat (in Weighted %)	71
Table	V-5	Utilization of health services by mohafazat and by sex	72
Table	V-6	Distribution of Dentists by mohafazat	73
Table	V-7	Mean DMF-T according to age and geographic location	73
Table	V-8	Mean number of episodes per person per year by type of service and household income category	74
Table	V-9	Ambulatory visits and Dental care, by income category and sex	75
Table	V-10	Hospitalization rates by income category	75
Table	V-11	Distribution of individuals with health problems and needing regular follow-up, by regularity of visits and presence of insurance plan	76
Table	V-12	Households grouping by Individual Spending Category	77
Table	V-13	Ambulatory visits per person per year by age group and spending category (in%)	78
Table	V-14	Ambulatory visits per person per year by mohafazat and spending category (in%)	78
Table	V-15	Dental Care visits per person per year by mohafazat and spending category (in%)	78
Table	V-16	Hospitalization episodes per person per year by age group and spending category (in%)	79
Table	V-17	Hospitalization episodes per person per year by mohafazat and spending category (in%)	79
Table	V-18	Child mortality rate (per thousand) by mohafazat for the years 1985, 1990 and 1994	79

Table	V-19	Annual household expenditures (%) per spending item by income categories	81
Table	V-20	Distribution of annual household spending on health by lowest, middle and highest income categories	82
Table	V-21	Distribution of individuals by insurance status, income category and sex	83
Table	V-22	Non-insured population knowledge of the existence of MOH services by type of services (N=17049)	83
Table	V-23	Distribution of the non-insured population by usage of MOH services during the last 12 months and by income category	84
Table	V-24	Proportion of hospitalization cases covered by the MOH, by household income category and insurance status	84
Table	V-25	Relationship with physician	87
Table	V-26	Consumer impression about health facilities	88
Table	V-27	Difficulty in being admitted for hospitalization	88
Table	V-28	Distribution of the insured population by type of insurance and degree of satisfaction with the insurance services (Weighted)	90
Table	V-29	Evaluation of the MOH services used by the non-insured population during the last 12 months (in %)	90
Table	V-30	Hospitalization cases covered by the MOH by waiting time to get the Ministry's approval (in %)	91
Table	V-31	Reasons behind MOH coverage rejections by household income category	91
Table	V-32	Distribution of individuals by self-assessment of health status and by household income category (in %)	92
Table	VII-1	1998 National Health Accounts for the entire population (billions L.P.)	134
Table	VII-2	Profile Matrix for covering the Population by 65 and older (billions L.P.)	135
Table	VII-3	Legislative texts to be canceled, amended or issued for the implementation of Option 1	136
Table	VII-4	The IRB Profile Matrix (billions L.P.)	137
Table	VII-5	Legislative texts to be canceled, amended or issued for the implementation of Option 2	137
Table	VII-6	The SHIP Profile Matrix (billion L.P.)	139
Table	VII-7	Legislative texts to be canceled, amended or issued for the implementation of Option 3	140
Table	VII-8	Issues identified by more than 50% of respondents as being of high priority to be addressed by the reform	144
