**توضيحات تتعلق بالقرارين الوزاريين رقم 180 و 181 الصادرين بتاريخ 2021/02/03**

**Clarifications regarding the Ministerial Decisions #180 & 181 released on 03/02/2021**

**When to Report**

The report should be sent to **ONE** of the following emails:

pv@moph.gov.lb **OR** [phvg.phar@ul.edu.lb](mailto:phvg.phar@ul.edu.lb)

**Drug Related Problems /Special Situations**

- ✓ Any adverse events, Adverse Reactions, Side effects, Drug related problems should be reported.
- ✓ Drug related problems /Special Situations: medication errors, off-label use, misuse and abuse of drugs, Quality defects, medication errors, counterfeit products, interaction of medicines and lack of efficacy should be reported associated or not with Adverse Events.
- ✓ Special Situations with or without adverse events to be reported according to their seriousness timeline (15 or 90 days)
- ✓ In this situation when an adverse events is not associated, the reporting timelines of non-serious cases i.e. 90 days is to be respected

*NB: As for the lack of efficacy cases, there is no need for reporting when there is an evidence and confirmation that the LOE is related to the disease progression (e.g. oncology cases).*

**Drug Registration**

- ✓ Reporting of Adverse Events related to Registered and Marketed Products in Lebanon is to be done.
- ✓ In some cases such as donations, products supplied for personal use or any other source of non-registered products used in Lebanon where the patient has had an adverse event should be reported.

- ✓ A medicine having a local MA used by a patient in foreign country and where the patient has had an adverse event in this country should be reported.
- ✓ Since MAH needs to process and assess AEs prior to submitting them to the PV department/LNPVC, hence the 15 and 90 day rules apply to them. As per Article 4, the "immediate reporting" stated in article 3 - paragraph 4 concern all parties but mainly for HCPs to report cases immediately.

### Interventional Studies

- ✓ **Foreign SUSARs** for Global interventional trials (WWSUSARs) where Lebanon is part of this study are submitted to Health Education Department and to the MoPH pharmacy Service. **(Article #6 of the Decision 1159/2014). The calendar days of submission depends on the requirements of the above mentioned department.**
- ✓ Domestic Serious Adverse Events (SAEs) arising from these global interventional studies are to be submitted to the MoPH pharmacy Service. **The calendar days of submission depends on the the department requirements.**
- ✓ For such Global interventional studies, Domestic Serious Adverse Events (SAEs) are to be submitted within 15 days timeline to the PV department [pv@moph.gov.lb](mailto:pv@moph.gov.lb) in ICH E2B R2 or R3 XML format. No worldwide SAEs need to be submitted. The SAE in question are these related to the Investigational Product.
- ✓ You should submit retrospectively (for years 2018, 2019 & 2020) all the domestic SAEs that occurred in Lebanon to the PV department [pv@moph.gov.lb](mailto:pv@moph.gov.lb)

### Other type of Studies

- ✓ All AEs are to be reported no matter the source: Non interventional studies, Compassionate use, Pre approval Access programs, Patient Support programs, Market researches by following the 15 and 90 day seriousness timelines in ICH E2B R2 or R3 XML Format.
