  - In the “Financial Tab”, if your organizations does not have a specific donor funding the activity you are entering then this falls under the category “Currently under implementation”.
  - The purpose of the “Target” in the “General Tab” is to specify the target activity and not the target population.
  - A target population option will be added to the “Referral tab” where it is segregated by age, gender, nationality and fee of service to facilitate referrals. A comment box will be added to this section to specify if certain

vulnerabilities are targeted in particular or to provide any other specification regarding the target population.

- Under the “Beneficiaries” tab, the target number of beneficiaries is divided into two categories:
  - For activity “Currently Under Implementation”, the target reached so far is to be reported on.
  - For activity “Funded/unfunded not yet implemented”, the number that is to be targeted is to be reported on

#### 4. Initiation of the development process of the MHPSS Task Force Action Plan for 2019

- The MHPSS Task Force is a coordination body chaired by the Ministry of Public Health and co-chaired by WHO & UNICEF. Its mission is to ensure an effective, coordinated and focused inter-agency response to the MHPSS needs of the persons affected by the Syrian crisis and the host population in Lebanon through identifying and addressing the gaps, promoting the importance of MHPSS at all levels as well as developing standards and building the capacity of the MHPSS sector.
  - To achieve this mission, an annual action plan is developed by the task force to focus its work on addressing the identified gaps and priorities.
  - As every year, the developed process of the action plan includes among other steps an online survey to gather feedback of actors on gaps, challenges and priorities.
- A feedback form will be disseminated to all task force members beginning of October, to be filled online.
  - Feel free to disseminate it to colleagues if they are not on the mailing list, including frontliners.
